YOUR RURAL IDYLL IS NO MORE THAN A PHONE CALL AWAY

Enjoying life on a farm might seem an impossible dream for those who don't have a farm, don't know anyone who does, or don't work on one.

But accessing that rural idyll is no more difficult than picking up the phone and speaking to Vicky Keeper at BCM Rural Property Specialists or dropping her an email. Because Vicky, quite literally, holds the key to what might seem like the perfect country retreat.

Not only is it an escape from the rat race but also the property at Southwood Farm, Dummer, is sufficiently close to everything for those firmly on the treadmill of modern life to still find it the perfect solution.

"The house is a former farm cottage, but not some Victorian relic," explains Vicky. "It's definitely post-war and thoroughly modern, with a spacious and beautifully refitted kitchen / dining room, augmented by a good-size utility, boot room, and additional storage that would have been vital during its former life for a working farmhand.

"At the front is a sitting room while upstairs there are two double bedrooms, a further single bedroom, and a bathroom equipped to a high standard with a shaped bath that has a shower over it. There's a modern heating system and double glazing throughout.

"In days of old the garden was an important part of family life and the property retains a good-sized plot, perfect for those tempted to try a bit of self-sufficiency. The property is set on a peaceful estate, again reinforcing the rural idyll.

"Yet within a couple of minutes it's possible to be travelling on the M3 or the A30 and there are major shops within a short drive for easy living. Rail commuters have a choice of stations at Basingstoke, Overton, or Micheldever Station. The rent is a very appealing £1,250 per calendar month and BCM has a policy of not charging application fees, only passing on the minimal credit check and inventory clerk fees."

END
