BCM AND AMC SPONSOR WIGHT FARM BUSINESS 2017 EVENT

BCM, specialists in rural property operating throughout southern England, together with the Agricultural Mortgage Corporation (AMC), jointly sponsored a successful Wight Farm Business event held on 22nd March at the Lakeside Hotel, Wootton.

The event attracted a large number of Island farmers, land owners and rural business managers who engaged with trade exhibitors and enjoyed comprehensive presentations from the AMC, ADAS and the CLA.

A particularly lively debate followed the presentation focusing on how the younger generation could thrive in the agricultural industry – particularly post Brexit.

James Attrill, Partner at BCM, commented: “As AMC agents, BCM were pleased to share a platform with Jon Drew, AMC Regional Manager, to update rural business owners on the finance options available to them. We are seeing a significant up-tick in enquiries for longer term lending, as businesses invest for the future and restructure to prepare for Brexit “
