

# PRESS RELEASE

For immediate release

## BCM OXFORD – OFFICE RELOCATION

BCM's Oxford office has now moved from Ipsden to larger premises in the downland village of East Ilsley.

Tom Bishop (Associate Partner) and his growing team continue to expand their business around Oxfordshire and surrounding counties and this now necessitates the need for a larger office. The new office provides the ideal rural environment for the team and the close proximity to the A34 will be beneficial for the business.

“Relocating our Oxford office closer to the A34 puts us in a great geographical position to continue servicing our existing

Oxfordshire clients and also to broaden our client base in the surrounding counties.” adds Tom.

Tom and his team continue to provide the full range of BCM services including estate and farm management, valuations, architecture and planning, sales and purchases as well as residential and commercial letting advice to clients and professionals in the area.

The new office address is:

**BCM, Sunrise Hill Yard, East Ilsley, Newbury RG20 7LY**

01865 817 105
